

**Q: Why a Regulatory Compliant State Market?"**

A: In 2018 the United States Securities and Exchange Commission suggested \$2.9 trillion was traded via “exempt” private securities.

In addition the United States Small Business Administration suggests that 90% of private transactions are from within 75 miles of the company.

The Entrex Louisiana Market brings exposure, credibility and liquidity to Louisiana Investors and Louisiana companies through a trading platform and the regulated entities that serve the buy and sell side of these transactions.

Securities are issued and sold pursuant to State and Federal regulations through regulated entities.

Entrex’s serves; **Local Investors; Investing Locally.**

**Q: Are Company Securities Different on Entrex?**

A: Company Securities tradable on Entrex are similar to what you might buy directly from the Issuer/Company. Entrex provides exposure, credibility and liquidity to the company and investors.

Liquidity of private company securities are often restricted differently between Interstate (Federal) and Intrastate (State) offerings. Typically state securities Administrators provide immediate liquidity channels, if available, much different than Federal exemptions.

Each state may have different liquidity options – Entrex’s technology helps manage compliance across the different State based security offerings.

**Q: What is the difference between the OTC market, other exchanges, and Entrex Louisiana Market?**

A: The Over the Counter, Markets, typically trade publicly registered securities: Those companies who register with the SEC and can therefore trade between retail investors.

**Q: Can Individuals have an account on the Entrex Louisiana Market.**

A: Yes. Contact your Broker or Registered Investment Advisor to set up an account accordingly.

**Q: How do I see my State Based Portfolio and companies to buy and sell in the Market:**

A: Once your account is set up you received an “Owner Portal” which allow you to see available offerings, place “Buy-Order” to buy offerings – or issued “Sell-Orders” to offer your security to sell.

**Q: Can I transfer BitCoin or other Coins to Purchase Offerings?**

A: Yes. Potentially your regulated representative would have to manage Anti-Money Laundering and/or Know Your Customer requirements before fulfilling an order. This could take a few business days additional time to execute the trade.

**Q: What are Entrex’s trading hours?**

A: 7AM EST to 10PM PST currently.

**Q: What are the cost for me to join the Entrex Market?**

A: There is no charge for Investors to work with Entrex. Companies pay a licensing and servicing fee to Entrex and often a Due-Diligence fee to the Broker Dealer representing their transaction.
